According to many historians, James' attendance of the trials was the beginning of the revitalization of witch hysteria, which had been dying out over the last twenty years of English history. Jeffrey Watt's slightly outdated bibliography on early modern suicide is worth consulting for additional suicide studies focusing Blood Money Early Modern England and France. The final pair of concertos were first played during a performance of Blood Money on April 23, just two days after the official publication of the set. The data will be collected with PDA's from randomly located 40 x 50m sampling plots using line point intercept.
